

Wireless Indoor Intercom

Work by 433MHz frequency

OP-DA01

SIZE:217*112*75mm

WIRELESS SYSTEM

- High fidelity audio technology
- Zero block sound transmission
- 100 handsets extendable
- Built-in battery: lithium battery 1500mAh
- Input voltage: Dc 5V
- Hand on wall or put on table
- More than 1000 meters in open file

Specification

Working current: 400mA

Standby current: 3.5mA

Continue working time: 3.5h

Full charging time: 5h

Power: 2W
